ABOUT US

Yahya Enterprises, which has been making customized clothing since 2019, brings together fashion, quality and personalization. Directly inspired by the latest trends, our textiles not only look great, they are outstandingly comfortable, fit well and the finishes show real attention to detail.

Unlike what you can find elsewhere, we don't work with ready-made fabric. From purchasing our cotton and our packaging, to the dyeing process, cut and assembly, we are in charge of all the different stages. We are truly passionate about our product and we don't want to leave anything to chance.

Like designer manufacturers, we work using the best techniques: embroidery, appliqués, chenille embroidery... Also, we pay particular attention to the quality of the fabric we use, both with regards to the thread count and softness to the touch. And finally, because we design our styles ourselves, it is possible to position the embroidery or the appliqués wherever you want on the fabric. And there are no restrictions to color, we can do any color!
